

## Fridge Words

We have been learning these words at school.

Can you please put this list on your fridge and talk with your child about these words?

Here are some ideas:

- What do you know about this word?
- Can we/you put a word in a sentence?
- Can we/you put two or three or all of the words in a sentence?
- Can we think of another word that means the same/opposite of this word?
- How have you been using the words at school?
